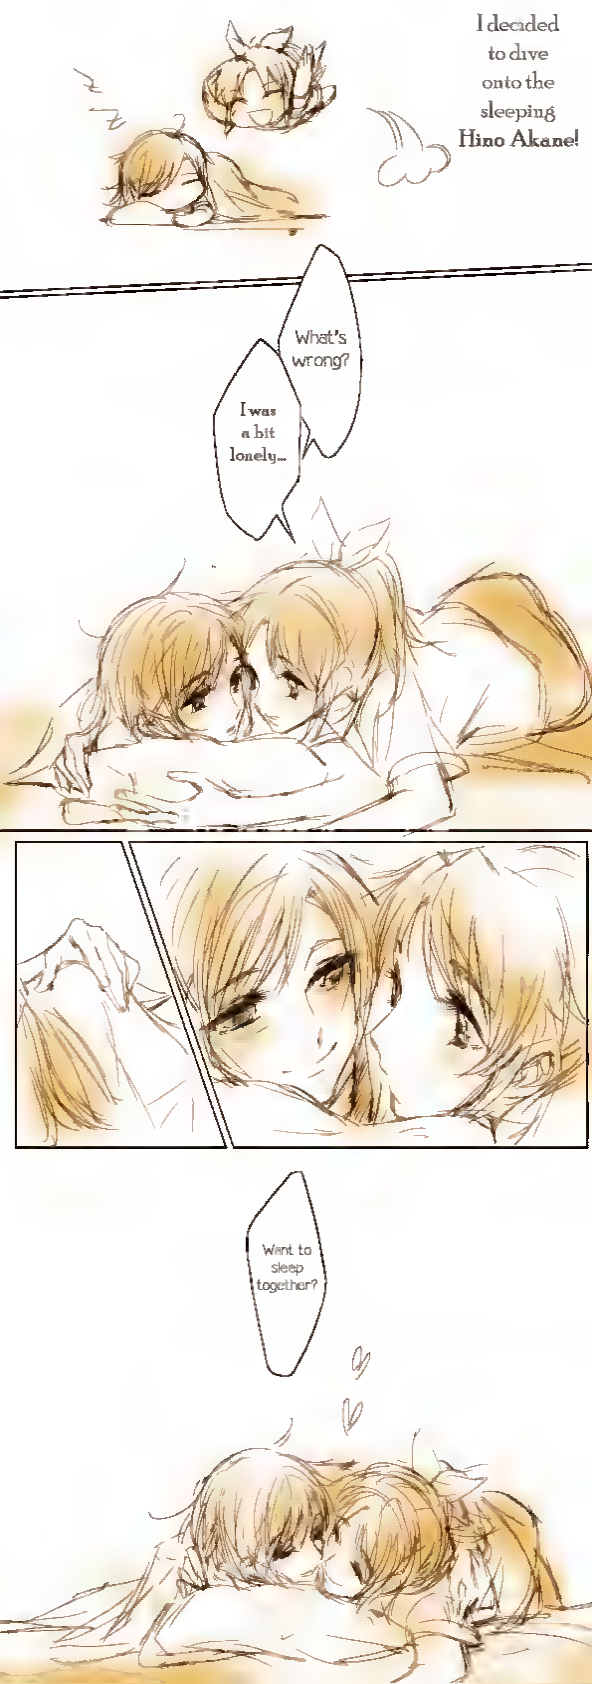
I won't let you go.



I decided to dive onto the sleeping Hino Akane!
What's wrong?
I was a bit lonely...
Want to sleep together?

It's Christmas already, isn't it?
Yeah
I hope
that we'll have another wonderful Christmas this year

I don't like your lipstick.
Eh? Why?
Because it tastes bad.
Oh course it tastes bad. I'm not putting it on only to get you to kiss me after all.
